## 3 1/2 “ internal waistband

Introducing the milbern-comfort tech\* beltless pant produced by milbern clothing co inc.

Inspired by the design and comfort of the original beltless pant, the milbern-comfort tech\* has been designed to offer the same **Fit - Style - Comfort** features that you are accustomed to. By designing and offering our own beltless pant we are able to better control inventory and offer a wider selection of sizes including **Long Rise** and **Short Rise**. Our new line also offers many new fabrics including denim and cottons.. Our goal is to provide you with a better beltless pant that is consistently available.

**We have made a few improvement to the design of the original pant.**

- 1) The interior flex band has been increased to 3 1/2" depth as compared to 2 1/2"
- 2) The interior waistband is now black in color as well as the internal pockets
- 3) The interior back of the waistband has been redesigned for a smoother more comfortable fit
